UPMC *for Life* Rights and Responsibilities

By completing this enrollment application I agree to the following statements:

- (a) **I understand that if I am in a Medicare Advantage Plan (like an HMO or PPO), I may already have a prescription drug benefit from my Medicare Advantage Plan that will meet my needs.** By joining UPMC *for Life* Prescription Drug Plan, it means that membership in my Medicare Advantage plan may end and this will affect both my doctor and hospital coverage. I don't have to do anything to cancel membership in my Medicare Advantage plan. By joining UPMC *for Life* Prescription Drug Plan, I will now get my health care from Original Medicare or a PFFS plan and Medicare prescription drugs from UPMC *for Life* Prescription Drug Plan.
- (b) I understand that if I currently have health coverage from an employer group or union, joining UPMC *for Life* Prescription Drug Plan could change how my current coverage works. I will read the communications my employer group or union sends me. If I have questions, I will visit their website or contact the office listed in their communications. If there is no information on whom to contact, I will contact the plan benefits administrator.
- (c) UPMC *for Life* is a Medicare drug plan and has a contract with the federal government. I understand that this prescription drug coverage is in addition to my coverage under Medicare; therefore, I will need to keep my Medicare coverage. It is my responsibility to inform UPMC *for Life* of any prescription drug coverage that I have or may get in the future. I can only be in one Medicare Prescription Drug Plan at a time. If I am currently in a Medicare Prescription Drug Plan, my enrollment in UPMC *for Life* will end that enrollment.
- (d) I understand that enrollment in this plan is generally for the entire year. Once I enroll, I may leave this plan or make changes **ONLY** if an enrollment period is available (generally during the Annual Enrollment Period from November 15 – December 31), unless I qualify for certain special circumstances.
- (e) I understand that if I leave this plan and do not have or obtain other Medicare prescription drug coverage or creditable coverage (as good as Medicare's), I may have to pay a late enrollment penalty in addition to my premium for Medicare prescription drug coverage in the future.
- (f) UPMC *for Life* Prescription Drug Plan serves a specific service area. If I move out of the area that UPMC *for Life* serves, I need to notify the plan so I can disenroll and find a new plan in my new area.
- (g) Once I am a member of UPMC *for Life*, I have the right to appeal plan decisions about payment or prescriptions if I disagree. I will read the Evidence of Coverage document from UPMC *for Life* when I receive it to know which rules I must follow in order to receive coverage with this Medicare drug plan.
- (h) I understand that if I choose to receive covered prescriptions from a pharmacy outside of the UPMC *for Life* network, those prescriptions may result in higher out-of-pocket costs. If I use an out-of-network pharmacy, I must pay the full cost of the prescription at the point of sale and will need to submit a paper claim for payment.
- (i) I understand that if I am receiving assistance from a sales agent, broker, or other individual employed by or contracted with UPMC *for Life*, he or she may be compensated based on my enrollment in this plan.
- (j) Counseling services may be available in my state to provide advice concerning Medicare supplement insurance or other Medicare Advantage or Prescription Drug Plan options and concerning medical assistance through the state Medicaid (Medical Assistance) program and the Medicare Savings Program.
- (k) **Release of Information:** By joining this Medicare Prescription Drug Plan, I acknowledge that UPMC *for Life* Prescription Drug Plan will release my information to Medicare and other plans as is necessary for treatment, payment, and health care operations. I also acknowledge that UPMC *for Life* will release my information, including my prescription drug event data (if applicable), to Medicare, which may release it for research and other purposes that follow all applicable federal statutes and regulations.
