UPMC Health Plan is donating \$40,000 to Bethlehem Haven's 902 Health Clinic for homeless men and women, matching a grant from the U.S. Department of Housing and Urban Development. UPMC's donation is in recognition of Dr. Edward J. Donnelly Jr., who recently received the Jefferson Award for community service for his support of the clinic on Watson Street, Uptown. Donnelly is on the boards of directors for UPMC Health Plan and Bethlehem Haven.
