UPMC Health Plan will greatly expand its pharmacy network effective Jan. 1 to include the region's major pharmacy chains, after signing a contract with pharmacy benefits manager Scripts Inc. In addition to all Giant Eagle pharmacy locations and a number of independent pharmacies, about 300,000 of UPMC Health Plan's 400,000-plus members will be able to use Eckerd, Kmart, Rite Aid, Sam's Club, Target, Walgreen and Wal-Mart pharmacies throughout the plan's 28-county service area, and nationally.
