

# Prescription Drug Coverage

If your benefit plan includes prescription drug coverage, our pharmacy program will provide you with good value and freedom of choice. UPMC Health Plan's pharmacy program provides both of these by offering you a variety of high-quality, effective generic and brand-name drugs. When you need prescription medication, you and your doctor have the freedom to choose among different copayment levels to help you manage your prescription drug costs. The following information describes some features of our pharmacy benefits, and the succeeding pages list our network pharmacy locations.

## Generic Drugs

UPMC Health Plan's pharmacy program has a mandatory generic policy. This means that if a drug has a generic equivalent, you must use the generic form. If you choose a brand-name drug when a generic is available, you must pay your preferred brand copayment in addition to the retail cost difference between the brand-name and generic form of the drug.

## Prior Authorization and Quantity Limits

There is a short list of drugs for which the Health Plan requires prior authorization, which means that your doctor must consult with the Health Plan before he or she prescribes them for you for the first time. UPMC Health Plan must authorize the use of these drugs before the prescription drug program will cover them. For other drugs, UPMC Health Plan limits the amount of medication you can receive from a pharmacist at any one time. These quantity limits are based on the United States Food and Drug Administration's guidelines for the safest and most efficient ways to use certain drugs.

## Pharmacy Network

UPMC Health Plan's network of retail pharmacies includes hundreds of locations — independent pharmacies as well as multistore chains — throughout the region. You can take your prescription to any pharmacy in the network and the pharmacist will confirm your eligibility for benefits, fill your prescription, accept your copayment, and file your claim. For specific pharmacy names, locations, and telephone numbers, please look at the pages following this description.

## Mail Order Prescriptions

UPMC Health Plan has a contract with a mail-order pharmacy to offer you the cost-savings and convenience of having prescriptions for maintenance drugs sent directly to your home. Maintenance drugs are drugs that you take on a regular, long-term basis. Unlike our retail pharmacy network, which offers a 30-day supply of most drugs at a time, our mail-order service offers up to a 90-day supply of most drugs at a lower out-of-pocket cost than what you would pay at a retail pharmacy. UPMC Health Plan also has a mail-order provider for injectable and other specialty medications.

## **National Network**

UPMC Health Plan uses a nationwide pharmacy benefits company to help manage our pharmacy program, so your prescription needs are covered even when you travel outside of the Western Pennsylvania area. Thousands of pharmacies across the country will honor your UPMC Health Plan member ID card.

## **Questions?**

If you have questions about your pharmacy benefits, copayments, or covered medications, you should contact the UPMC Health Plan Member Services Department at the phone number on the back of your member ID card. If you do not have access to your ID card, please call **1-888-876-2756**. Member Services personnel are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m..
