

UPMC for Life Specialty Plan Quantity Limits

For certain drugs, we limit the amount of the drug that you can have. For example, the plan might limit how many refills you can get, or how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

The plan's Drug List includes information about restrictions. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List.

An example of a quantity limit found in the plan's Drug List for Aripiprazole is below:

ABILIFY	aripiprazole 10 mg	Oral Tablet
	This drug is covered at Tier 2 Preferred Brand Tier	
	Quantity Limit Applies. Quantity is limited to: 31 per 31 days	

Please refer to "Chapter 5: Using the plan's coverage for your Part D prescription drugs," Section 4.2 of your Evidence of Coverage document for additional information.

For the most up-to-date information, call Member Services at 1-800-606-8648, seven days a week, from 8 a.m. to 8 p.m.. TTY users should call 1-866-407-8762. From March 2 through November 14, you may receive a messaging service on weekends and holidays. Please leave a message and your call will be returned the next business day.
