HOW TO USE THIS BOOK

The UPMC *for Best Health* Provider Directory is set up to make it easy to find what you need. If you are looking for the name of a hospital, service, or facility, simply go to the “Participating Hospitals” or “Services and Facilities” sections in this book. All of the other listings in this directory are divided by county and are in alphabetical order. Go to the table of contents to locate the type of listing you want in the county where you live.

Index

The index in the back of this book lists all of the hospitals, facilities, providers, and pharmacies in this directory. If you know the name of your provider, you can use the index. Everything is listed in alphabetical order. The index will tell you on which page or pages you will find each listing.

Need Help?

If you need help using this book, please call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free at 1-800-361-2629.

Please Note

The health care providers in this directory are subject to change. Please call the provider you have chosen to make sure he or she is still in the UPMC *for Best Health* network.

New providers join UPMC *for Best Health*'s network often. The listings within this book may not include some providers who recently have been added to the network. This listing of providers is current as of the publishing date. The publishing date is on the back cover of this book.

For the latest information on providers, visit www.upmchealthplan.com. Select Doctors and then click on your choice of either Medical, Dental, or Vision, or select Hospitals/RX and then click on your choice of either Hospital/Facilities or Pharmacy to begin your search. The online provider directory is updated weekly. You can also call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629.

HOW TO RECEIVE MEDICAL CARE

When you joined UPMC *for Best Health*, you chose your primary care practitioner (PCP). Your PCP will help you manage your health care and arrange for services you need.

When you think you need a medical service, call your PCP. The telephone number of your PCP is on the front of your UPMC *for Best Health* member ID card. You can visit your PCP in the privacy of his or her office, where you will get personalized health care. Your PCP will send you to a specialist if necessary. Some members may have limits or have to pay a small copayment for some prescriptions and for covered services ordered by his or her PCP or participating specialist.

Choosing a Provider

When picking a provider, it is important that you have all of the information you need to make the choice that best meets your needs. This book gives you some basic information about each listed provider. To learn more about where your provider went to medical school, where he or she completed his or her residency, or other professional qualifications, call UPMC *for Best Health* Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629.

Providers may have one or more of the following codes in their listing. The codes mean the following:

- **SP** means specialty. A specialty means that the provider may treat patients with a particular type of disease, illness, or condition.
- **BC** means board certification. To get a board certification, a provider must pass a test on that specialty.
- **HA** means hospital affiliation. These are hospitals where the provider can admit his or her patients.

Listings also have the provider's normal office hours and the age ranges of the patients that the provider sees.

The provider's address and telephone number are also included in the listing. If the provider has more than one office, each office is listed by ZIP code.

Changing Your PCP

The relationship you have with your PCP is very important. If you feel your PCP is not right for you, you can pick another PCP. UPMC *for Best Health* members can change their PCP for any reason, at any time*. Just visit www.upmchealthplan.com and log in. Select Self-Service Tools, then Find a Doctor. You can also call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629. A Member Services representative will help you pick a new PCP who will meet your needs. Your PCP selection is effective immediately after calling Member Services. You will receive a new UPMC *for Best Health* member ID card with your new PCP's name and phone number.

Behavioral Health Services

UPMC *for Best Health* manages your behavioral health benefits and behavioral health complaints and appeals. These are services for behavioral health, drug abuse, and alcohol abuse. If you have any questions about these services, call UPMC Health Plan Behavioral Health Services (BHS) at 1-888-251-0083. TTY users should call toll-free 1-800-361-2629. Representatives are available 24 hours a day, seven days a week to help answer your questions.

Emergency Care

If you have an emergency, go to the nearest emergency room, call 911, or call your local ambulance service. After a visit to the emergency room, you must call your PCP for any follow-up care. If you have an emergency and need to be admitted to the hospital, you should let your PCP know. You should call within two days or as soon as you or your family can call.

A medical condition is an emergency when symptoms happen suddenly and seem life threatening.

You should get emergency care when your health or the health of your unborn child, if you are pregnant, is in danger; you could have serious injury to a body part; or you could have loss of normal body function.

Here are some examples of emergencies:

- Heart attack
- Chest pain
- Severe headache (this could be a sign of a stroke)
- Severe bleeding
- Unconsciousness
- Poisoning
- Sudden loss of feeling or not being able to move
- Strong feeling that you may kill yourself or another person
- Severe pain

Nonemergency Care

You should not go to the emergency room for nonemergency or routine (basic) health care. Call your PCP to schedule an appointment for routine health care needs. Nonemergency use of the emergency department is not covered by UPMC *for Best Health*.

Here are some examples of routine (basic) or nonemergency health care problems:

- Earache
- Backache
- Cuts, scrapes, and bruises
- Cold or flu
- Sore throat
- Coughing or sneezing
- Sprained ankle or wrist
- Physical exams
- Toothache

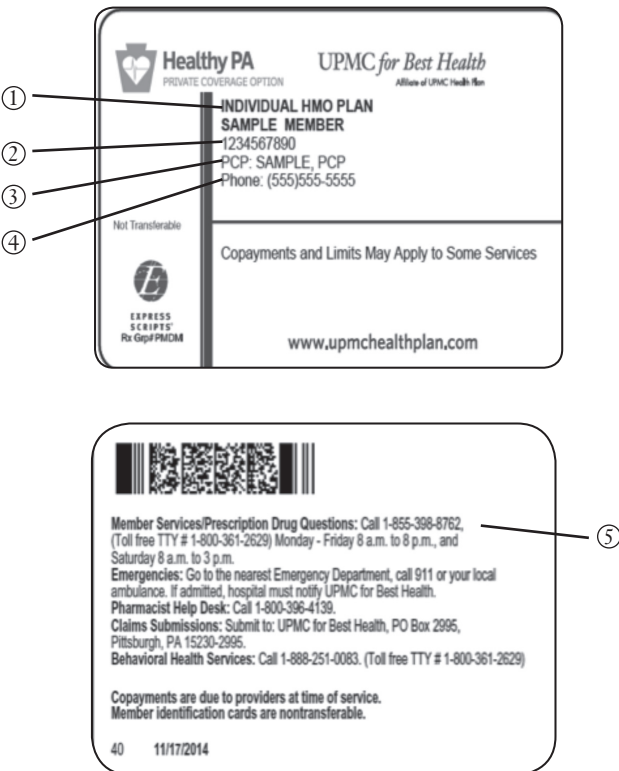

When you have an urgent minor illness or injury and need to receive care but you cannot reach your PCP, an urgent care or convenience care center within UPMC *for Best Health*'s network can be a very good choice. Care you receive at many urgent care or convenience centers is a UPMC *for Best Health* covered benefit. Urgent care center doctors and nurses stitch wounds, take x-rays, and treat sprains. They treat earaches, back pain, dental pain, and sore throats. They care for burns, cuts, and scrapes. Non-urgent use of an urgent care or convenience care center is not covered by UPMC *for Best Health*.

If you go to an urgent care or convenience care center for routine services or to the emergency department for a nonemergency UPMC *for Best Health* may not pay the bill. You may be responsible for the bill. If you have questions about a bill, call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629.

MEMBER IDENTIFICATION CARD

As a new member, you will receive a letter with a UPMC for Best Health Identification (ID) card shortly after your effective date. Remove the UPMC for Best Health ID card from the letter and keep it with you. Your UPMC for Best Health ID card is good as long as you are a UPMC for Best Health member. You will need to show your UPMC for Best Health member ID card and any

other insurance cards you may have whenever you make an appointment; go to your PCP or other provider, pharmacy, hospital; or use any other medical facility. The name and phone number of your PCP are on your ID card. There are other useful UPMC for Best Health phone numbers on the ID card. Below is an example of what the UPMC for Best Health member ID cards look like.

Printed on your ID card are:

1. Your name
2. Your *UPMC for Best Health* ID number
3. Your PCP's name
4. Telephone number of the group in which your PCP practices
5. Telephone number for UPMC *for Best Health* Member Services

If you lose your UPMC *for Best Health* ID card, please visit www.upmchealthplan.com and log in to request or print a temporary card. You can also call Member Services at 1-855-398-8762.

Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629. You will receive a new UPMC *for Best Health* member ID card with your PCP's

name and phone number. If you do not have your ID card and need services, your provider can call UPMC *for Best Health* to verify that you are a member.

PROVIDER DEFINITIONS

Certified Nurse Midwife (CNM)

A registered, professional nurse licensed to practice as a midwife. A midwife cares for pregnant women and newborns throughout the maternity cycle.

Certified Registered Nurse Practitioner (CRNP)

A registered nurse with advanced training in a specialty area, certified by the boards in that specialty area. A CRNP may diagnose a condition or prescribe medicine under the direction of a doctor.

Family Practice Doctor

A doctor who treats all family members.

Gynecologist (Gyn)

A doctor who provides women's health services such as Pap tests, annual checkups, and family planning services. A gynecologist can also perform surgical procedures such as a D&C (removal of uterus tissue lining) or a hysterectomy (removal of uterus).

Internal Medicine Doctor

A doctor who treats adult illnesses. Most internal medicine doctors see patients who are age 16 and older.

Obstetrician (Ob)

A doctor who takes care of pregnant women and delivers babies.

Ob-Gyn (Obstetrician-Gynecologist)

A doctor who cares for pregnant women, delivers babies, and provides women's health services such as Pap tests, annual checkups, and family planning services. An ob-gyn also can perform surgical procedures such as a D&C (removal of uterus tissue lining) or a hysterectomy (removal of uterus).

Ophthalmologist

Are medical and surgical doctors who treat eye problems. They can:

- Do surgical procedures for cataracts, glaucoma, eye trauma, and other conditions.
- Provide complete eye care.
- Examine, diagnose, treat, and manage diseases, injuries, and disorders of the eye and associated structures.
- Identify related conditions affecting the eye.
- Prescribe medications.
- Provide low vision rehabilitation and vision therapy.
- Offer vision services such as eye exams.
- Prescribe eye glasses and contact lenses as needed.

Optometrist

- Examine, diagnose, treat, and manage diseases, injuries, and disorders of the eye and associated structures.
- Identify related conditions affecting the eye.
- Prescribe medications.
- Provide low vision rehabilitation and vision therapy.
- Offer vision services such as eye exams.
- Prescribe eye glasses and contact lenses as needed.

Physician Assistant (PA)

A health professional who is trained to practice medicine with physician supervision. A PA may perform physical exams, order and read lab tests, diagnose and treat illnesses, prescribe medicine, and counsel patients.

Primary Care Practitioner (PCP)

Your personal doctor or CRNP who will provide or arrange for all of your health care needs. Different types of PCPs include family and general practice doctors, pediatricians, internal medicine doctors, and CRNPs.

Specialist

A health care provider who treats a particular type of illness, disease, or condition. For example, a cardiologist is a specialist who cares for conditions and diseases of the heart, a dermatologist is a specialist for skin conditions and diseases, and a psychiatrist treats behavioral health disorders.

DEFINITIONS FOR TERMS USED IN DIRECTORY LISTINGS

Accepting New Patients

This phrase is used when a provider or practice is willing and able to accept new patients. If a provider is not able to see new patients, the listing will read “existing patients only.”

Accreditation

Accreditation means to certify as meeting an official requirement or standard of excellence. Two common hospital accreditation boards include the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and the American Osteopathic Association (AOA).

Facility Affiliation

Affiliation means that the physician can make referrals to the hospitals listed. A hospital gives certain doctors “privileges” to admit patients to its facility.

Gender

The provider listings in this book indicate whether a doctor is male or female.

Wheelchair Accessibility

Some PCP locations are wheelchair-accessible. At other locations, special arrangements can be made for access. Providers who have wheelchair accessibility have a wheelchair symbol next to their names in this directory. If you have any questions about wheelchair accessibility or have special needs, call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629.

Languages Spoken

The listings show which languages a provider can speak, other than English. The listings may also tell you if the provider is able to communicate through American Sign Language or other forms of visual/gestural communication.

Specialty

The listings show which type of health care a doctor can offer.

Board Certification

Board certification shows that a doctor has received a certificate from a certain group. The doctor has to meet certain requirements of the board to get a certificate. UPMC Health Plan recognizes board certification by the American Board of Medical Specialties (ABMS), the American Osteopathic Association (AOA), the Royal College of Physicians and Surgeons of Canada, the Royal College of Physicians London, and the Royal Australasian College of Physicians.

How To CHECK CERTIFICATION

You can check on your doctor's certification with certain groups that review medical providers.

Check the links below if you have a computer and Internet service. If you do not have a computer, call Member Services at 1-855-398-8762. Representatives are available Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 3 p.m. TTY users should call toll-free 1-800-361-2629.

Doctors who have certification have taken an extra career step. They have volunteered to have their qualifications judged by a group of other physicians. The American Board of Medical Specialties has created the following website so that you can find out if your doctor is board certified.

www.certificationmatters.org

Enter the doctor's information or you can search by location and specialty. If you are unsure of any of the fields, leave them blank. Then select Search.

The following website was created by the American Osteopathic Information Association and the American Osteopathic Association (AOA). It shows which doctors are certified by AOA.

www.osteopathic.org

Once on the website, follow these instructions:

- On the right side of the page under the heading Learn About Osteopathic, select Find a DO.
- Enter the physician's first and last name, select USA or Other.
- Enter the state, city, ZIP code and miles from that ZIP code.
- Click on Search Physicians and select the physician you want to review.
