# Welcome

Welcome to UPMC Health Plan, a provider-led health plan committed to quality coverage for its members and employer clients.

Guided by the principle of treating others as we want to be treated, UPMC Health Plan’s goal is to be the nation’s best service-centered health benefits company, providing the highest quality products at an affordable price to families, individuals, and employers.

We pledge to satisfy customers, grow membership, control expenses, and improve the health of people living in the communities we serve.

UPMC Health Plan was founded as a provider-led managed care organization. As such, UPMC Health Plan has never placed barriers between doctor and patient. We consider the providers in our network to be leaders in the quality of care they provide. Our goal as a health insurer is to work with our providers to make sure our members get regular preventive care and quality medical care, as well as to reduce unnecessary medical procedures.

To that end, this document is intended to serve as the main resource for information about UPMC Health Plan’s products, services, and claims processes, and as a reference for providers when questions arise. If certain situations require further explanation, providers should call **Provider Services** from 8 a.m. to 5 p.m., Monday through Friday, at the following numbers:

<b>UPMC Community HealthChoices (Medical Assistance)</b>	<b>1-844-860-9303</b>
<b>UPMC Behavioral Health Services (BHS)</b>	<b>1-866-441-4185</b>
<b>UPMC <i>for Kids</i> (CHIP)</b>	<b>1-800-650-8762</b>

## *Provider OnLine*

**Provider OnLine (POL)** is a self-serve website that is available **24 hours a day, 7 days a week** and can significantly reduce the number of telephone calls a network provider needs to make to UPMC Health Plan, thereby reducing the time it takes to perform their daily tasks.

This secure online service, available from any computer with internet access allows providers to perform a wide variety of administrative functions. These include including submitting a prior authorization request, checking on the status of an authorization request, checking member eligibility and covered benefits, submitting claims for reimbursement, checking on the status of a claim, viewing an **Explanation of Payment (EOP)**, sending and receiving messages, or chatting with a Provider Services representative in real time. POL is utilized to relay general communications to Providers; Providers should frequently check POL for updates. In addition, POL allows the Provider to complete an authorization to receive electronic payments by **Electronic Funds Transfer (EFT)**. EFT Transfer will allow the Provider's office or practice to receive reimbursement from UPMC Health Plan sooner than paper checks.

- **Note:** All contracted Providers are required to complete the Authorization for Electronic Reimbursement form by going to [upmchealthplan.com/providers/online](https://upmchealthplan.com/providers/online) and selecting EFT Transfer Form.

Providers can also request **Electronic Remittance Advice (ERA)** through **Provider OnLine**.

- **Note:** Per HIPAA the only permissible format for an electronic remittance advice, in a data file, is the ANSI ASC X12.835, Health Care Claim Payment/Advice. This file is commonly referred to as an 835.

It requires that the recipient's practice or billing system have the ability to automate loading a file in the mandated format.

- **Note:** All contracted providers should utilize POL to review their current and historical EOPs and print a paper copy of the EOP. Providers with POL access and those who elect to utilize ERA will not receive a paper EOP. Paper EOPs will only be sent upon specific request. POL is available **24 hours a day, 7 days a week**.

The eligibility section of POL shows the member's specific schedule of benefits (SOB), including riders (additional benefits beyond basic coverage), and the date such benefits became effective. This section also shows up to date coordination of benefit (COB) information and current out of pocket costs (copays, deductible, etc.) that have been incurred. To view information about an eligible member the provider needs one of the following:

- Member's first and last name
- Member's identification number

**Provider OnLine** can be accessed from [upmchealthplan.com/providers](https://upmchealthplan.com/providers). Enter the provider's user ID in the **provider login** box. If the provider does not have a Provider OnLine account, the practice's **online account administrator (OAA)** will help the provider gain this access.

➤ **Note:** An OAA is the individual within a practice who manages all Provider OnLine security and access.

If the provider does not have an OAA, complete the first-time user registration at: [upmchealthplan.upmc.com/WebPortals/Requests/SecurityRequest.aspx](https://upmchealthplan.upmc.com/WebPortals/Requests/SecurityRequest.aspx).

To submit a prior authorization request, log into **Provider Online** at: [upmchealthplan.com/providers](https://upmchealthplan.com/providers). Select the **Auth Entry/Inquiry** option from the main menu and follow the prompts.

If a provider forgot their UPMC Health Plan **Provider OnLine** user ID or needs assistance registering as a first-time user, they can call the **Help Desk** at **1-800-937-0438**. Contact the provider's physician account executive or call **Provider Services** at **1-866-918-1595** with any questions.

Providers who need to request authorization to prescribe a medication that may have a quantity limit, require prior authorization, or is a non-formulary medications should submit the request online at [upmc.promptpa.com](https://upmc.promptpa.com) or visit [upmchealthplan.com](https://upmchealthplan.com) to obtain a prior authorization form and submit it by fax to **412-454-7722**.

➤ **See: *Obtaining Prior Authorization***, Pharmacy Services, Chapter J.

UPMC Community HealthChoices Home and Community Based Services providers can access **Provider OnLine** to check member eligibility and benefits but claim submissions will occur in **HHaEXchange**.

➤ **See: *Provider OnLine***, Claims Procedures, Chapter H for additional information.

### Clloser Look at HealthChoices

The HealthChoices Program is the name of Pennsylvania's mandatory managed care programs for Medical Assistance recipients.

The recipients have access to medical care and other appropriate physical health services, whether the services are delivered on an inpatient or outpatient basis, through a Physical Health Managed Care Organization (PH-MCO). The Department of Human Services’ Office of Medical Assistance Programs oversees the Physical Health component of the HealthChoices Program.

Recipients receive behavioral health and/or drug and alcohol services through Behavioral Health Managed Care Organizations. This component is overseen by the Department of Human Services’ Office of Mental Health and Substance Abuse Services.

UPMC *for You* is one of the Physical Health Managed Care Organizations offered to recipients in the following zones:
