Here are all the ways you can use this card. You have the freedom to use your card toward any of these products or services. The choice is yours!

OTC products. Use this card to buy covered OTC products at participating retail stores or through this mail-order catalog.

Dental services. Use your dental benefit allowance first and then use this card second to help pay for any out-of-pocket costs, like the cost for dentures, denture repairs and realignments, tooth extractions, root canals, bridges, crowns, and periodontal work. You can use this card only at providers that accept MasterCard, and make sure to use an in-network provider to take advantage of your dental benefits. Here's an example:

In this example, let's say your plan includes a \$3,000 maximum dental allowance with 50% coinsurance and a \$500 UPMC *for Life* Flex Spend Card. If you were to receive a covered dental service that totals \$400, you would be responsible for 50% of the cost, which in this case would be \$200. You could use your Flex Spend Card to pay for your out-of-pocket cost of \$200! Your plan would cover the other 50%. You would then have a remaining dental allowance of \$2,800, and a remaining balance of \$300 on your Flex Spend Card that you can use for something else, like OTC products, vision and hearing services, or another dental service.

Vision services. Use your vision benefit allowance first and then use this card second to help you pay for any out-of-pocket costs, like the cost for contact lenses, eyeglasses, progressive and transition lenses, and prescription sunglasses. You can use this card only at providers that accept MasterCard, and make sure to use an in-network provider to take advantage of your vision benefits. Here's an example:

In this example, your plan includes a \$200 yearly allowance for contact lenses or eyeglasses and a \$500 UPMC *for Life* Flex Spend Card. If you were to buy eyeglasses that cost \$300, your vision allowance would pay first and cover \$200 toward your eyeglasses. You could then use your Flex Spend Card to pay for the \$100 you owe out-of-pocket. After buying your eyeglasses, you will have exhausted your yearly vision allowance and have a remaining balance of \$400 on your Flex Spend Card that you can use for something else, like OTC products, dental and hearing services, or additional eyeglasses or contact lenses.

Hearing services. Use this card to help you pay for any out-of-pocket hearing costs, like the discounted cost for hearing aids from a participating Amplifon hearing provider. You can use this card only at providers that accept MasterCard, and make sure to use an in-network provider to take advantage of your hearing benefits. Here's an example:

All UPMC *for Life* plans include a discounted cost for hearing aids. In this example, in addition to your hearing aid discount, your plan also includes a \$500 UPMC *for Life* Flex Spend Card. If you were to buy hearing aids that have a \$690 cost per aid per ear, you would owe \$1,380 for a pair of hearing aids. You could use your Flex Spend Card to apply \$500 toward the cost, leaving you with just \$880 to pay out-of-pocket.

Here are a few important things to remember about your UPMC *for Life* Flex Spend Card:

- You must activate and sign your card to start using it. Call **1-833-647-9633** and follow the prompts. You will be asked to enter your 16-digit Flex Spend Card number, your ZIP code, and the 3-digit CVV code on the back of your Flex Spend Card.
- The full benefit dollar amount will be available on your card starting on your plan effective date. This dollar amount is a yearly allowance, not a quarterly allowance. It will not roll over from year to year.
- You can use your Flex Spend Card at any time throughout the plan year for OTC products and dental, vision, and hearing services. You cannot use your Flex Spend Card to pay for primary care provider (PCP) copays, specialist copays, prescription drug copays, or premiums.
- You can use your card only at providers that accept Mastercard, and make sure to use an in-network provider to take advantage of your dental, vision, and hearing benefits. You can search for in-network providers at **upmchealthplan.com/find**.
- If your out-of-pocket cost is more than your available card balance, swipe your Flex Spend Card first, then use a second form of payment to complete your purchase. If you do not have enough dollars on your card to cover the cost, your Flex Spend Card may decline.

Check your account balance every time before using your card.

Make sure to check your account balance often. Your balance should be current as of your most recent transaction. Here's how to easily check your balance:

- Call our automated system 24/7 at **1-833-293-6483 (TTY: 711)**.
- Check your balance anytime on the **UPMC Health Plan app** or by logging in to MyHealth OnLine at **upmchealthplan.com/members**.

Prescription medications

Sometimes products may be covered through your Medicare Part B medical or Part D prescription drug coverage. We've marked these products with *.
